Just in: **Susie Hansen - Representante de la Salsa**

The famous band leader, electric violinist and vocalist, has released her much anticipated 3rd album! We often wondered how she would do after the bar for her was raised with **La Salsa Nunca Se Acaba [The Salsa Never Ends]**.

The good news is that she "hit a home run," to use a baseball analogy. The recording is VERY HIGH QUALITY and the songs are very much danceable; at least 3 danceable salsa tracks and 2 cha-cha-cha tracks!

Hear some of them during tomorrow's show!
