JAZZ CALIENTE

SUSIE HANSEN/Representante de la Salsa: Electric, Latin violinist Hansen simply takes way too long between albums. One every ten years or so, indeed. The caliente doesn't dim in the interims. Another zesty set that's a party on a platter, Hansen knows how to get the party started and her crew knows how to keep it going. Without a false note anywhere, this might just be the perfect summer record this year. Hot stuff you can't put out.
